Dear Andre:

Marty Greenberg and I would like to invite you to contribute a story to an anthology tentatively titled *Far Frontiers*, to be published in 2000 by DAW Books. We're looking for hard SF stories set in the boundaries of civilizations, from far-off galaxies to cities on the ocean floor to the very edges of inner space. Some stories may even explore the fringes of the greatest frontier of all: death.

We're looking for stories of 4,000 - 8,000 words, and manuscripts should come to me at the above address. DAW has given us ample lead time on this one, so manuscripts should arrive here by November 30, 1999. Payment is \$0.06/word against our standard share of fifty percent of future earnings (the fifty percent share allocated to contributors will be distributed in proportion to the number of stories in the book).

Please use the enclosed post card for your reply. We're looking forward to seeing you in the book.

All best,

Larry Segriff
